PRESIDENT TRUMP'S "ART OF THE DEAL" BOOK

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Madam Speaker, those who are fair-minded and want to understand President Trump better should read his best-selling book from 30 years ago, which is as timely today as it was then. It is called "The Art of the Deal" and reveals these characteristics.

Donald Trump usually makes decisions quickly based on knowledge, experience, and intuition, rather than waiting for consultants' studies. He is a tough but practical negotiator willing to compromise to achieve a goal. He gets a deal done sooner or later, even if it sometimes takes years.

He is a counterpuncher who doesn't like to start a fight but will give more than he receives. He is loyal to friends who are loyal to him.

Most of the President's actions should be of no surprise to anyone who has read his book. In fact, those who are objective are likely to appreciate him more.

GENERAL LEAVE

Mr. ROE of Tennessee. Madam Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and to include extraneous material.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Tennessee?

There was no objection.

Mr. ROE of Tennessee. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in support of S. 114, as amended, a bill to authorize appropriations for the Veterans Choice Program. This bill would authorize and appropriate \$2 billion for the Department of Veterans Affairs' Veterans Choice Fund.

Allowing the Veterans Choice Fund to run dry is not a viable option. The Choice Program has provided critical care to millions of veteran patients.

In March, Secretary Shulkin testified that the expiration of the Choice Program would be a "disaster" for veterans. Just a few weeks ago, the Acting Under Secretary for Health reiterated that sentiment when she testified that veteran wait times would increase if the Choice Program went away.

Congress created the Choice Program in response to a nationwide wait-time scandal in 2014 to increase access to care through VA community providers for veterans who either cannot access care at a VA medical facility within a timely manner or who live far away from the nearest VA medical facility. Since the Choice Program was signed into law almost 3 years ago, it has gone through many growing pains and evolved considerably.

We know from a Government Accountability Office report from earlier this year that most of the veterans who use the Choice Program do so because VA does not offer the service that veteran needs.

We also know that veteran demand for care through the Choice Program has never been higher, and, consequently, the remaining money in the Veterans Choice Program will run out in mid August, a few short weeks from now.

We cannot allow that to happen, and with passage of S. 114, as amended today, we won't.

There are allegations that providing more money for the Choice Program is
